

Ap. 15.

CUS417/128.30

Sir Robert Falconer,  
The Univ., Toronto.

Duncan  
Graham  
dinner.

Graham's appointment has been very well received over here...I am asking all the Professors of Medicine in the United Kingdom to meet him next week at dinner at the Athenaeum. He is the first whole-time Professor of Medicine appointed in the Empire, so that it's an interesting experiment....
