TO Sir John MacAlister.

13, N. Gds.
Oxford.

Letter Typewritten.

26th. April, 1919.

Dear MacAlister,

Sorry for the misunderstanding about the 29th I thought of course that Hurst had notified you. I hope we shall have a large meeting a good many will be in from the provinces. Fisher did not think it would be well for him to take the chair, but Newman will speak for the Board of Education.

Have you had any word from your millionaire friend? I am all right again it was an infected tooth which knocked me out.

That Tb meeting on Monday will not take place as we cannot get the contracting parties together.

Sincerely yours,

Wm. Osler.
