Dear Adami,

[July 11]

[Royal Society of Medicine]

Singer suggests that Friday after the meeting is a good time.* Rolleston of course should be asked officially for permission. It's wonderfully kind of all you men to have taken so much trouble in all this time of worry and anxiety.

Wednesday next at the Historical Section W. F. Smith reads his paper on Rabelais - I hope you will be able to come. Do you know of any special Rabelais students who should be asked?

I showed the drawing to the Radcliffe Committee the other day which was much appreciated.

Sincerely yours,

Wm. Osler.

J.G.A. *For the presentation of the Osler memorial volumes.
