TO ABRAHAM JACOBI, M. D., LL. D.
Physician, Philanthropist, Patroit.

A TRIBUTE BY DR. S. ADOLPHUS KNOPF.

13, NORHAM GARDENS,
OXFORD.

26th May, 1919.

(typewritten)

Dear Knopf,

Delighted to receive your Jacobi tribute and the tuberculosis paper this morning. What a fine picture of the dear old man!

I like your poem so much - it will go in my bibliotheca literaria in very good company.

What a hard trial it must have been for him all through the War!

I will send you a photograph next week, I hope- a new one just taken. All goes well here, and I hope we will get the tuberculosis problem settled before long on national lines. It has not been easy to arrange here.

Sincerely yours,

WM. OSLER.
