Dear Garrison:-

Yours just to hand, with Oxford Press inclosure/s dated June 1, but suppose you meant July 1. as the date in Oxford Press letter is June 26th.

Delighted with your anthology idea, particularly as it falls in with an old wish of mine. I will look over the MSS with great interest and I am sure the Press will take it. The sale would be limited in England but in the U. S. there should be a fair demand. I shall be much excited to look over the list and will cut out - if any need! So interested in what you say about Lauder, to whom my poor laddie was devoted. Am original ed. of the Pericles and ^{n/o}Aspasia he brought back with him from the Somme trenches. I must look up the volumes as I should like you to have them, with his book-plate. The Presentation was made by Allbutt, who looked and spoke as only my brother Regius can. He is unique. The volumes look very handsome. My friends have just showered presents of all sorts - the most interesting bibliographic-ally, the 1859 Omar, presents ^{ation}with copy from Fitzgerald to Max Müller, and The Regimen Contra pestilentiam 14? from some of my Colophon Club friends. Best of all have been the loving greetings from dear friends in the profession whose devotion has made my life so full and so happy.

Yours,

Wm. Osler.
