July 19.

Kind man and good man! I should like so much to have the Schlimmer's Terminologie - and please write in it - just a little Persian inscription. I had a great birthday, and really, to see Allbutt (and to hear him) made one feel that 70 was quite young. One of my presents will interest you - Fitzgerald's Oman, 1859, which he gave to Max Müller. It was very nice to see you here - my turn next time, please. My greetings to Mrs. Browne.
