Dear Tom Boggs

That July No. of the Bulletin gave me a shock - I had auricular fibrillation for hours! You good fellows have just overwhelmed me & I am speechless. The presentation of the Volumes was a great success. Allbutt was simply grand - 83! & looking about 60. The Vols are so far dummies - but they looked most hopeful. I hope you have settled down in B. at the old stand. Such an experience as you men have had is a sad interruption to ones work.

About (blank) Is there any possibility of getting a copy of his poems for my Bibliotheca literaria.

We are off to Jersey for six weeks.

Yours ever

Wm Osler
