(postcard - handwritten)

(To Prof. Arthur Keith)

St Brelades Jersey.

30th (August, 1919)

I am re-writing the ner. Diseases section of my text-book -

1) Where did you use so happily the parallel between the telephone & telegraph system & our nervous installation. I should like to steal it!

2) Is there - have you seen - a chart of the London or England Telephone system? I am sure it is copied from our brains

? This is a lovely spot just opposite ^{Marret} Millet cave above which in a stone-age hut live two very nice girls
