

Dr. Arnold Klebs.

Sep. 12. CUS917/129.144

Dr. Sarton.

...I am awfully sorry to have missed Sarton...We got back from Jersey after a delightful six weeks' holiday. Tell S. to read - if she has not begun them already - the Camb. History of American literature, two vols of which have appeared. They will be good for the other children too.

Dr. Jacobi.

I find several notices about Jacobi - dear soul - we have been warm friends for more than 30 years. By this time you will have had my Classical Association address.
