

History of  
Med.  
(Laennec  
Centenary).

Dr. Crookshank, (Hist. Sect., R.S.Med.)  
I am glad you think the Section should take some notice of the Centenary of Laennec's great work. I have all the editions and should be glad to show them, and make a brief 20 minutes to half an hour statement about the importance of the Traité. The title might be - "The Centenary of Laennec's Traité".
