Dear McCallum

You gave me great pleasure with those two pictures - both so good. Currie was a great man. I am glad to know that he was W Mac Lure I wonder how Watson knew of him. I told you about C Letters &c. Have you a copy of his life & letters? If not I could easily pick up one for you.

All well here - the country in the usual sequelae of a great world fever; but we shall pull thro. safely

Ever yours.

WM OSLER

Atypic case must not be going much.
