

Anthology
of Eng. &
Amer. poetry
in honour of
Sir W. Osler's
70 birthday.

(From Miss Swart's notebook)

Col. Garrison, S.G. Library.

I am delighted with the anthology...it is really a remarkable collection, and one wonders where you got it all. Very many are new to me....The work would, I think, be greatly appreciated in the profession, and outside for the matter of that...
