Genl Forest Esq
Lachin

Dear Sir

This morning I received your favor of the 23rd inst. having a copy of Notarial Protest for notification enclosed which I see was served on Mr A. F. Dawes last week. I notice he has made use of name a Testamentary Executor which I am not. never having acted as Executor to my late brothers Estate as I resigned immediately after his death. I am very sorry C. A. Dawes junr is acting in this way but I know of no means of preventing him. I will write him a note today forbidding him to make use of my ^{name} in future, which is about all I can do as I hardly if ever see him. How would it do if you too were to write him a letter pointing out the wrong he is doing and the risk he runs in making use of peoples names from whom

he has no authority. He is an extraordinary man
so much so. I have given up all idea of having
anything to do with him.

Trusting he will cease annoying Albert & Dawes
in future

I am
Yours truly
A. Dawes
