PAPERS

Washington City

Aug. 30th 1843.

Dear Brown.

I find your money all ready here and every thing right, but one thing and that is they require me to have the original acct. which Levy says you retained, now send it enclosed to me at this City care of B. Levy. Without delay and your money will be forwarded. So don't fail to send by return mail the identical original ~~and~~ ^{they} will not pay on any other vouchers. Things work well but you must all make out some substantial charges against each officers holder if you want them removed and forward them in.

Levy is better -

Yours. As before
