

Lucas 18.<sup>th</sup> April 1826.

My Dear Sir

There is an old man, a friend of mine settled in your territories in New Glasgow - his name Hugh Greig, I am much interested in his comfort & happiness in his old age - he writes that he and his son in law are proposing to build a new house for their family this spring, and he has been informed that I will send 100 dollars to you to assist him - May I take the liberty of asking you to cause some enquiry to be made about him - in mean time Col. McQueen will place the money where you shall direct -

most sincerely yours

Dalhousie
