

General Headquarters,

Medtn. Expeditionary Force,

30th June 1915.

Dictated.

Dear Mr. Buxton,

Thanks for your kind little note enclosing a letter from Lord Newton. [My business is war not diplomacy, yet I cannot help having at the back of my mind a shrewd suspicion that our Balkan diplomacy has been anything but brilliant.

Never mind, fighting men will put it all right in the long run.]

Yours sincerely,

Lord Hamilton
