Mr. Harry Henslow.

Dear Sir:-

Mr. Ridgway tells me that you are a skilled taxidermist. Are you open to an engagement to do certain work for this museum?

Even, Laysan birds, black swans and other Australian birds - and Hawaiian shore and sea birds, are awaiting mounting in our collection. There is work at least for six months. Can you come to us and if so what will be your terms?

Yours truly

Wm. J. Brigham
