DEPARTMENT OF PSYCHOLOGY

June 12, 1918.

Mr. R. Ridgway,
Washington, D. C.

Dear Sir:

I am completing a part of a study begun several years ago by Professor J. McKeen Cattell on the relatives of the thousand most distinguished American men of science as selected in 1910.

I shall be under great obligations to you for any additions or corrections you may care to make in the data on the enclosed proof sheet.

You are especially requested to return the proof sheet whether you are able to make any additions or corrections or not.

Yours very truly,

Dean R. Brinham
