

2. VI. 1892

SHELSLEY,
KEW GARDENS.

My dear Sir

With some hesitation I
took advantage of your
kind offer. I propose to
call at the Museum on
Tuesday the 14th inst. I
shall then bring with me
the promised specimens of
turacin with a brief descrip-
tion of the pigment for
your Touraco shelf.

Yours truly
A. H. Church.
