

Room 329. Patent-Office.

Washington D.C. Feb. 15/12.

Dear Mr. Ridgway.

In reply to your note of the 12th inst. would say, that upon a cursory examination of the books in question, I should judge they contained the precise information you desire, i.e. lists of "named colors".

As to the matter of borrowing the same: our Librarian, Capt. H. L. Prince, tells me that simply a request - from your Librarian, will be duly honored upon presentation.

If I can be of any further assistance in the matter; don't hesitate to call on me for it.

Please remember Mrs. C. and myself to Mrs. Ridgway.

Yours truly.

M. B. Cushman.
