Dear Sir

I am engaged in preparing
a series of the Foraminifera,
which will aim at being com-
-plete so far as the representation
of the genera is concerned,
for the Derby Museum of
this town, which is almost
wholly deficient in them.

representation of this group.
I am wanting entirely in
representations of the following
genera viz.

Cornuspira
Fabularia
Littorola
Orbitolites
Dactylopora
Acicularia
Fusulina
Dicoporus
Heterostegina &
Orbitoides.

It is bold on my part.

to ask it; but I trust you
will pardon, and if you
can furnish me with
any representatives of these
genera it will be highly
estimated. By the kindness
of my friend Mr. W. H. Parker
I have been provided with
the majority of the genera
not named above, and
if I can get the remainder
I shall be glad to complete
a set for my own cabinet
but chiefly so to send one
