Dear Dr. Sharpe.

I should feel much obliged
if you would give me your
decision about the birds in
alcohol.

They have been now at the museum
nearly 10 months -

I never mind sending specimens
on approval and leaving them
2 or 3 months, but nearly
a year is too long

I could have sold them over
and over during that time

Believe me

Yours sincerely
G. A. Frank,

I do not think that I mentioned the
prices of the birds. You can pick as many
as you want out of both lots at $3/6$ each

Dear Dr. Sharpe

You wrote to me in the begin-
of last August that, should
you would give me your decision
about the birds in spirits

I know that your time is very
much occupied, but the collections
have been now I suppose about
7 or 8 months at the museum
and I can do nothing with the
remainder unless I know what
you are going to keep.

Believe me

Yours faithfully
S. A. Frank
