SMITHSONIAN INSTITUTION,

WASHINGTON, May 15<sup>th</sup> 1875

R. B. Sharp,

British Museum, London;  
Dear Sir,

Your application to Prof.  
Baird for the loan of certain  
birds in the Smithsonian Collec-  
tion has been duly received.

In reply we beg leave to  
say that it is the policy of the  
Institution to render all the  
facilities in its power to in-  
vestigators. We have no rule  
that prevents our lending, for  
a short period, even unique  
types. We would, however,  
in making a conception of

this kind, ask for a reciproci-  
ty should such be desired.

Very truly yours,

Joseph Hurry
