June 27, 1917.

Mr Casey Wood,
7 West Madison Street,
Chicago, Ill.

Dear Mr. Wood,

Your letter of June 14 has been forwarded to me, also a letter from home telling of the arrival of a package, your monograph.

I certainly do wish to thank you for sending me the copy and I shall no doubt find it of value to me in my work. I had noticed a brief account of your publication, shortly before I left and I made a mental note of this as one of the pieces of research that I must see, so I shall have the pleasure of reading your work, & look forward to, after my return.

Yours sincerely,
Homer B. Latimer.
